Sir:

In the Office Action issued in this application on August 12, 2010, the Examiner indicates that the Information Disclosure Statement (IDS) filed in this application on September 27, 2004 fails to comply with 37 C.F.R. § 1.98(a)(3), which requires a concise explanation of relevance, as it presently understood by the individual designated in § 1.56(c) most knowledgeable about the content of the information, of each patent, publication or other information listed that is not in the English language. Therefore, the IDS has been placed in the file and not considered by the Examiner.

Applicants have enclosed herewith English-language machine translations for two (2) Japanese-language references, JP 10-097433-A and JP 10-091461-A, previously filed in this

application via IDS on September 27, 2004. Applicants have also enclosed copies of the corresponding Japanese-language references filed on September 27, 2004 for the Examiner's convenience. Reconsideration of the IDS which now includes the English-language translations for the corresponding Japanese-language references for JP 10-097433-A and JP 10-091461-A is respectfully requested.

CONCLUSION

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact Michael E. Monaco, Reg. No. 52,041, at the telephone number of the undersigned below, to conduct an interview in an effort to expedite prosecution in connection with the present application.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies to charge payment or credit any overpayment to Deposit Account No. 02-2448 for any additional fees required under 37.C.F.R. §§ 1.16 or 1.147; particularly, extension of time fees.
